

List of key publications:

Processes and technologies of obtaining nanoscale powders and nanostructured materials/ V. A. Bataev, V. G. Burov, I. A. Bataev, Ye. A. Drobyaz, S.V. Veselov - Novosibirsk : NSTU Publishing House, 2017. – 283 p.

Study of materials structural strength after combined hardening and special types of welding / A. V. Plokhov, A. I. Popelyukh, S. V. Veselov, A. G. Tyurin, A. A. Nikulina // Novosibirsk : NSTU Publishing House, 2015. – 392 p.

Structural theory of hardening structural steels and other materials : monograph / V. I. Bo'lshakov, L. I. Tushinskiy. - : Dnepropetrovsk : Publishing House "Svidler, A. L.", 2010. - 484 p.

Cold gas-dynamic spraying. Theory and practice : monograph / A. P. Alkhimov, S. V. Klinkov, V. F. Kosarev, V. M. Fomin. - : Fizmatlit, 2010. - 536 p.

Materials with nanocrystalline structure: tutorial : monograph / Z. B. Bataeva, V. A. Bataev. - : NSTU, 2007. - 262 p.

Scientific bases of technology of cold gas-dynamic spraying (CS) and the properties of sprayed materials : monograph / A. P. Alkhimov, V. F. Kosarev, A. V. Plokhov. - : NSTU, 2006. - 280 p.

Methods of materials research : monograph / A. V. Plokhov, L. I. Tushinsky, V. I. Sindeev, A. O. Tokarev. - : Moscow, Publishing House "Mir", 2004. - 384 p.

Structural strength theory monograph / L. I. Tushinskiy. - : Novosibirsk: NSTU Publishing House, 2004. - 400 p.
